

# Stealth Knife Blades

Stealth Knife Blades offer a high-performance, reliable cutting solution. Crafted from durable SK2 Carbon Steel, these blades are 25% sharper for effortless cuts and designed for consistent, long-lasting performance on tough materials.

## Key Benefits:

- ▶ Ultra Sharp: Precision-honed edges for reduced cutting resistance.
- ▶ Durability: High carbon content ensures excellent edge retention and hardness.
- ▶ Versatility: Suitable for a wide range of heavy-duty applications.

## Ideal Users:

- ▶ Vehicle wrappers (commercial and colour change)
- ▶ PPF (Paint Protection Film) professionals
- ▶ Window tinters
- ▶ Signage makers and installers

## Why Choose This Tool?

- ▶ Enhanced Performance: Blades are 25% sharper, offering smoother cuts with less effort.
- ▶ Reliability: SK2 Carbon Steel ensures consistent performance and longevity.
- ▶ Efficiency: Designed to handle tough materials like rubber, cardboard, and PVC with ease.
